1. According to a woman who recently visited Czechoslovakia, Czechoslovakia although fairly free of Russian troops, still has some small camouflaged units in the larger cities. One of such units is located in the Grand Hotel, Brno. This unit is very unobtrusive, but seems to have a lot to do with the local Czech police. All members of the unit are in civilian clothes and drive locally registered Czech cars.

2. COMMENT: This could possibly be an intelligence unit.
